Can Taft Check Surge for Ike Among Nebraskans?

OMAHA P—Nebraska's presidential popularity contest became a last-minute scramble for votes today and no one could predict the outcome with any real assurance.

The primary voting is tomorrow. If any large shift of sentiment was developing in either Republican or Democratic ranks it went undetected by those keeping a close tab on the bitterly contested

The two big questions which the voting may answer are these: 1. Will Sen. Taft of Ohio check the surge of sentiment for Gen. Dwight D. Eisenhower and regain some of the prestige he lost in the New Hampshire and Minnesota

2. Will Sen. Kerr of Oklahoma topple Sen. Kefauver of Tennessee and get his own presidential bandwagon rolling?

The Republican contest was dominated by write-in drives on behalf of Taft and Eisenhower, whose names are not on the ballot. This fight has overshadowed the efforts of supporters of Harold Stassen, the only major GOP candidate whose name is on the ballot.

On the Democratic side, the decision by President Truman not to run again reduced the Kerr-Kefauver battle to a more clear-cut test of their popularity.

Kerr had not been regarded entirely as a free agent since he had side if the said he would step aside if the President should run. But this tie has been removed and Kerr is now on his own. Kefauver said this development probably would be a help to Kerr in tomorrow's contest but that "over the nation, it will help my chances." Both Kefauver and Kerr made

Wisconsin Takes

On More Import

For Republicans

MILWAUKEE (A)-The Wisconsin orimary, a pivotal election in any presidential year, took on added mportance today as a result of President Truman's decision not to seek re-election in November.

Voters go to the polls tomorrow. At stake are 30 Republican delegates and 28 Democratic delegate votes in the presidential nominating conventions next July. But more important, observers feel, are the probable effects on the prospects of the three principal Repubican candidates battling here, as well as the outlook for Sen. Estes Kefauver of Tennessee, the major Democratic candidate.

Taft vs. Warren-Stassen Sen. Robert A. Taft of Ohio, Gov. Earl Warren of California, and ex-Gov. of Minnesota Harold E. Stassen are competing for the Republican delegates.

Taft said yesterday he did not see how President Truman's decision" affects the Republican contest in Wisconsin.

How to have a winning TELEPHONE PERSONALITY by EMILY POST

We're often judged by the way we use telephone service. Good telephone technique and good telephone manners are important to a winning personality . . . and help you get the most from your telephone service.

A friend of mine who travels a lot tells me she has found a way to improve her telephoning on trips.

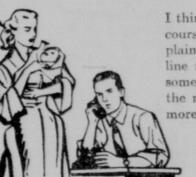

"It saves a lot of trouble," she says, "to have a list of the numbers you may want to call with you. I carry mine in a handy little book. And you would be surprised how much faster long distance calls go through when you give the operator the number you want." Incidentally, the telephone business office will be glad to give you a pocketsize book-handy for use at home, office, or when traveling-to list your long distance numbers in, and it's free

My mail shows that many people have friends who use an extra-loud voice over the telephone. They ask, "Does shouting over the wire help?"

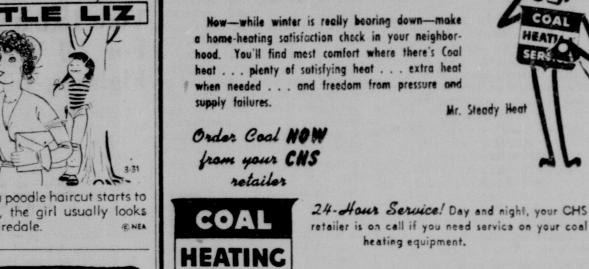

No, quite the contrary. A loud voice is always unpleasant and does not mean that you can be heard better. A special effort to talk clearly and distinctly into the transmitter makes it easier for your friends to understand you, and it brings rewards in the form of a more pleasant telephone personality.

A correspondent who lives in the country on a party line asks, "Should emergency calls be given special priority?"

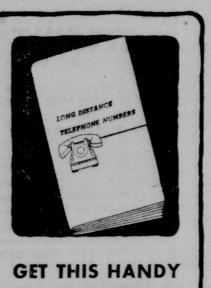

I think the obvious answer is "Yes, of course." Don't you? After all, it's just plain good manners to let your party line neighbor use the telephone when some special need arises. And then, too, the more consideration you show, the more consideration you will receive.

A cozy corner any season of the year in the very modern new home of Mr. and Mrs. B. E. Heacock, on 11th just East of Warren. On either side of the brick fireplace are masses of growing vines and the brass andirons in front and the brass plaques above catch and reflect the bright rays of sunlight. Mrs. Heacock sits reading and behind her is the loveliest thing about her new home. It is the picture window almost from ceiling to floor that extends across the entire south side of the room. Through it comes the warmth of the winter sun but not the heat of the hot summer sun. Someday it will look out into a beautiful garden but right now even the grading of the yard is not complete, the house is so new. There are draw draperies, too, to cover the window at night. Another unique thing about the Heacock home is the bedroom that may be made into two bedrooms by merely pulling the slide door that looks very much like a satin drapery whether open or closed. The room is a large pretty bedroom when open with two beds, and matching dressing tables at either side of the room, then when the door is closed there are two complete and separate bedrooms. The kitchen has a breakfast nook that looks out a picture window onto the street for it is in the front of the home. The yellow plastic seat curves around the table and there are two extra matching chairs. The kitchen is completely modern from dishwasher to lazy Susans in the cabinets. There is no thermostat in the home, the heat, which is from a gas furnace in a closet, is controlled by the weather. The heat comes into the home from the baseboard and the floor.

Who designed the home, Mrs. Heacock was asked, and she said she did. Although she did have a plan to go by she did the designing and she said there was not one thing about it she would change-we felt the same way. The arrangement of everything in the home is for efficency, beauty and comfort.

TOMORROW... CAST YOUR VOTE FOR OUR CHILDREN'S FUTURE! VOTE FOR THE LEVY!

Your Vote For The Levy Is A Vote To Maintain Our Schools At Their Present Level For Another Year-And You Will Not Be Voting A School Tax Increase Over Last Year!

No Increases - Same Levy As Last Year and For One Year Only!

When you vot:e for the levy, you will NOT BE VOTING FOR A SCHOOL TAX INCREASE! You will be voting to keep the levy the same as it has been for the past year! Surely, the future of our children which means to a great degree the future of our community, is worth your vote for the levy!

Able Administration Makes Sedalia's Top Rating Possible

Although. Sedalia's school tax levy last year was still the lowest of any city in Missouri of comparable size, through able administration and loyalty to our youth by Sedalia's educators, the Sedalia School System was awarded an AAA rating by the State Department of Education. When only 73 school systems out of 629 school systems in the state were able to qualify for this award, we believe you'll agree, it speaks well for the administration of our low tax dollar.
